Beyond Laser Perspex Bending Machines :

MINI MACHINE TOOLS SERIES

ACRYLIC BENDER **ABM-500** **MANIX**

ABM-500 Specifications	
Heating capacity length	570mm
Heat width	5-18mm
Heating type	infrared
Power	Single-phase 100, 115, 220, 240V, input 250W
Dimensions	480x 140 x 100mm
Weight	5.0kg

COMPACT AND HIGHLY SAFE ACRYLIC BENDER ABM-500

- Professional acrylic bender for modelbuilders and designers.
- Ensures perfect straight bending of various acrylic materials.

[Working Examples]

MINI MACHINE TOOLS SERIES

ACRYLIC BENDER **ABM-700** **MANIX**

ABM-700 Specifications	
Heating capacity width	700mm
Heating type	Ni-Chrome-Wire
Wire thickness	0.3mm
Power	220V 50/60Hz 140W
Dimensions	850 x 410 x 220mm
Weight	13kg

COMPACT AND SAFE ACRYLIC BENDER ABM-700

- Folds 1-6mm (0.04-0.025in) thick material.
- 2 heat setting.
- Adjustable wire height.

[Working Examples]

MINI MACHINE TOOLS SERIES

ACRYLIC BENDER **AB-300** **MANIX**

- Professional acrylic bender for model builders and designers.
- Ensures perfect straight bending of various acrylic plastic.
- Safe with limit switch and infrared rays heat.

AB-300 Specifications	
Heating capacity width	300mm
Heating opening	0.1-5.0mm
Heating	Ni-Chrome-Wire
Power	Single-phase 100, 115, 220, 240V, input 70W
Dimensions	420 x 150 x 100mm
Weight	3.5kg

Adjustable Angle
